Dear Sir/Madam,

I am writing to support the visitor visa application for my brother, Amiel Chrysdin Afurong, his wife, Kathlene Grace Afurong, and their son, Chael Christopher Afurong, who are planning to visit my family in the United Kingdom. I am a UK resident (Residence Permit holder), currently residing at 8 Shelley Close, Stafford, Staffordshire, ST16 3NU, where I live with my wife and daughter.

The purpose of their visit is to spend the Christmas and New Year holidays with us and to experience the beauty of the UK during winter. Their intended travel date is November 8 , 2024 and will stay until January 10, 2025. This visit will also provide us with an opportunity to spend quality family time together, which is particularly meaningful during the festive season.

My brother runs his own business in the Philippines, and he, along with his wife and son, has strong commitments there. During their stay in the UK, we will be sharing the expenses, and I will be providing accommodation for them at my residence, which is a mortgaged property. I confirm that there will be adequate space and facilities to accommodate my brother and his family comfortably.

To support this application, I am including the following documents:

- A copy of my UK driver's license
- A copy of my birth certificate
- A copy of my Biometric Residence Permit (BRP)
- Certificate of employment
- A copy of my passport

I assure you that my brother, his wife, and their son fully intend to return to the Philippines at the end of their visit, as they have strong family and business ties there.

I hope this letter provides sufficient support for their visa application. Please feel free to contact me should you require any further information.

Thank you for considering this application.

Yours faithfully,

Juan Paulo Ramos
